

Technical drawing of a DIN 2080 flange coupling. The drawing includes a side view with dimensions and a top view. Key dimensions include: total length 180.4, flange diameter 160, and shaft diameter 44.45. The drawing shows a shaft with a keyway, a flange with a keyway, and a coupling nut. The coupling nut has a diameter of 44.45 and a length of 1.6. The flange has a diameter of 160 and a thickness of 16. The shaft has a diameter of 44.45 and a length of 180.4. The drawing also shows a cross-section of the coupling nut with a diameter of 44.45 and a length of 1.6. The drawing is labeled 'DIN 2080'.

Big Cooling disk 120.0mm. Suitable collets: FD470E or ER32
